

"They won the victory over him by the blood of the lamb and the word of their testimony."

Testimonies

SCHOOL of MINISTRY MAY 2017

Testimonies are very important to Wellspring Ministries! A definition is: in law and in religion, **testimony** is a solemn attestation (bear witness) as to the truth of a matter. In the law, testimony is a form of evidence that is obtained from a witness who makes a solemn statement or declaration of fact.

We know that God has given us His word as a testimony and Revelation 12:11 states "and they overcame (defeated) the enemy by the blood of the lamb and the word of our testimony (or witness.)"

What has been happening in your life? Our testimony of healing in spirit, soul or body are words of encouragement to those who are waiting for their healing! Below are words of encouragement and testimonies from our School of Ministry that took place May 1-12, 2017 at Wellspring Ministries. At the beginning of the class we asked each person to say "why" they came to the school and after training and much prayer of repentance and forgiveness, here is what happened.

"Locked memories were unlocked one by one and my heart was healed!"

"I was healed of brokenness."

"I purchased hearing aids before I came, but never put them in. I am healed and will be taking them back for a refund!"

"Insomnia is over, I am healed of PTSD and no more flashbacks."

"Stomach pains are gone – after four years of constant pain."

"I have had scoliosis my whole life as it was a birth defect. I have been healed and can stand upright, not hunched over."

"High Blood Pressure is coming down!"

"I feel closer to the Lord every day. Time of dryness is over."

"My name is precious to the Lord and to me."

"Our marriage is being healed."

"Food addiction is broken."

Wellspring of Kenya

We held a Wellspring Conference the end of April in our church and it was attended by thirty five people and nine pastors.

The orphanage children are healthy and doing well in school.

Rains have come after six months of drought. Then floods come as the ground is too hard to absorb the rain. Eight people have died and there is much loss and destruction of property. The food prices have more than doubled in the last few weeks especially corn, rice, maize meal and sugar. This has caused many families to experience hunger on a larger scale.

Our prayers are that the food prices come down and the floods stop. Thank you for praying!
