Walk of Repentance in New York City

Below is a picture of inside St. Paul's Chapel with our group from around the United States praying for the Nation. We repented for our sins and the sins of our land. God promises to restore our land if we repent. (Romans 1:16-32)

Federal Hall

Pictured below the George Washington statue at Federal Hall in New York City is our group from many states who came to pray for the Nation.

We are looking forward to see this prophetic act change our country from the inside out!
