Wellspring Around The World

Updates from our Wellspring Brothers and Sisters Far and Wide

The House of Bread - INDIA

Joseph Johns recently took a mission team to Goa to minister to the Jewish people there. They were able to serve them through prayer and serving a Shabbat meal to them. Please continue to pray for them and their impact they are having in India!

"In January we had a team of nine from the House of Bread visited Palolem Beach in Goa to serve the Jewish people that flock to the beaches of Goa in India to escape the pain and the war torn situation in Israel after their service in the IDF.

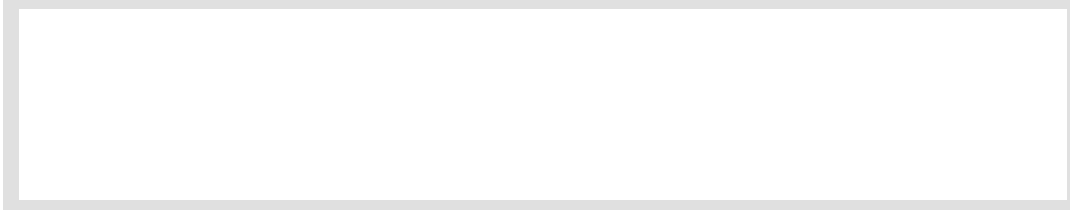

We believe God is doing tremendous things all over the world to reveal Messiah to the Jewish people, and it was awesome to see what He's doing in Goa, and be a part of that for a week. Our team experienced deep connections with the Jewish people and were able to experience that beneath the tough exterior what they truly long for is lasting peace which only the Messiah will bring on His return.

The young people on the team played games with the Israelis and got to know a bit more about the life of an average teenager in Israel - the hardships they go through and the pain of losing their loved ones by their very side. The team met tank commanders and soldiers who engaged in the Gaza war; soldiers posted at the Egyptian border; people living in war torn Jerusalem. They were able to discuss the challenges of anti semitism that they face even in 2017.

The teenagers on this mission trip understood that the fate of the nation depended on the shoulders of these soldiers in the same age group as them and the stark contrast in the calling of Israel as a nation. This enabled the team to connect more with Isaiah 40 which talks about comforting Israel and praying for Israel as a nation.

This trip really helped the team connect with the Jewish people as everyone on the team shared testimonies of having felt one with the Jewish people & united in spirit. The team also learned the importance of serving with humility and building the Kingdom is hard work and takes a willing and trusting heart. From our hosts, we understood that the battle is first won in prayer and the physical just follows. Among the team, we really put "dying to self" and "loving pro-actively" in practice and grew in love and understanding for one another.

We are very excited to head to the beaches of Goa once again and share the love of the Messiah with our Jewish brothers!"

SRI LANKA Prayer Request

Our Brothers & Sisters in Sri Lanka need YOU to lift up a prayer for them. Please add this to your prayer list!

For our Wellspring Church we need two items: a video projector (multimedia) and one power generator. Will you agree in prayer with us for these two needs? I believe God will provide both things for His ministry work.

God Bless You and your family.
In Him, Dr. Jefferson Tasleem Ghauri

WELLSPRING CHURCH PRESENTS:

Passover is one of the most significant of all God's holy appointments. Not only did Jesus celebrate Passover, but it was his last "supper" with his disciples. Our Passover celebration is a wonderful, multi-sensory spiritual experience that tells the story of redemption, from the deliverance of God's people from the bondage of Egypt to the Messiah's deliverance of God's people from the bondage of sin.
